FAMILY FURNISHERS SINCE 1930

Healthbeds Envirotech

As the name suggests, this revolutionary new mattress has the stewardship of our environment at its heart. It has a unique fabric "Seaqual", which is created from plastics collected from our oceans by fishermen. This is turned into sustainable polyester fibers from which the fabric is made.

Another important feature is that at the end of the mattress life, it can be recycled, meaning zero to landfill.

Mattress Type: Pocket Sprung mattress with True edge to edge, Hypo-Allergenic Fillings

Base: Platform Top

Support: Medium feel
