Bentley Chevron Weathered Ash

A bold and contemporary design that contrasts saw cut ash marquetry tops in a weathered finish with a fully welded black powder coated metal base, giving the range an on trend industrial look. Each of the hand-crafted boarded chevron patterned tops are wire brushed and distressed to give a rustic look and tactile feel, making the most of the beautiful and varied grains of ash. The radiused tops and bases combine beautifully with the linear frames to make a statement in any setting.
