Bentley Emerson Rustic Oak Dining

With a modernised retro look, Emerson features striking patterns of saw cut rustic oak tops & facias that are showcased against wire brushed peppercorn finished frames and a welded black powder coated metal base. Each of the hand-crafted pattern tops are wire brushed and distressed to give a rustic look and tactile feel, making the most of the beautiful and varied grain. Soft form barrel shaped table tops and moulded curved seats and back on the chairs pair contemporary craftsmanship with utmost comfort, with the choice of rich velvets and mottled aged fabrics making a statement in any home. Shaped metal handles that mirror the geometric oak patterns and hidden soft close drawers in the sideboards complete this luxuriously sophisticated and dynamic range.
