Bentley Tivoli

Tivoli is an industrial and on-trend mixed media dining range incorporating a bold and striking mix of wire brushed weathered oak with ebonised accent detailing and black powder coated metal frames. Cantilever chairs with meticulously polished frames and precision cut joints using the latest technology are available in a dark mottled grey fabric featuring a bold square pattern stitch detail with a handle in the back and superior glides on the base for ease of manoeuvre. Design features including end grain detailing, planking effect on table tops and cabinet facia and a distinctive modular open display unit combine with advanced constructional techniques and high end fittings, including BLUM soft close drawer runners, to create a compelling contemporary fashion statement offering functionality with premium build quality.
