Hypnos Luxury No Turn 9 Mattress

The Luxury No Turn 9 mattress has a truly sumptuous feel with three layers of responsive natural Talalay latex. Together with a plush layer of Solotex traceable British wool certified to the Responsible Wool Standard, and breathable and recycled eOlus fibres these layers create a supremely comfortable sleep experience. Featuring our premium ReActivePro 9-turn pocket spring system with in-built Triple Edge Protection, each spring senses your shape and weight distribution to provide total spinal and body support. With a tailored border of three rows of genuine hand side-stitching, the mattress edge is reinforced for edge-to-edge support without compromising on its luxury feel. Covered in a Hypnos signature sleep surface, woven from responsibly sourced cotton and infused with a natural treatment that is safe and fire-resistant. Each and every luxury mattress is bespoke to you and is meticulously hand built to bring you comfort, relaxation and satisfaction. You will never own a more comfortable and more beautiful bed.
