Hypnos Wool Origins 8 Mattress

Embrace a new level of sleep comfort. The Wool Origins 8 is a handcrafted and hand-finished pocket sprung mattress, with layer upon layer of 100% British wool traceable to Red Tractor assured farms. Wool is an ideal fibre for bed making – it is antibacterial, repelling dust mites, and is responsive to fluctuations in body temperature, wicking away moisture to help keep sleepers at a comfortable temperature whatever the time of year. The Wool Origins collection features generous layers of traceable wool. In fact, this seasonal turn mattress has over 8 fleeces of pure wool per mattress. Hypnos' expertly engineered pocket springs, ReActivePro, with 8 active turns, provide total body comfort whilst Triple Edge Protection gives true edge-to-edge support. The Wool Origins 8 features an extra layer of Adaptiv comfort springs providing a different level of luxury. Relax on a responsibly sourced unbleached cotton and viscose sleep surface, which safely and naturally meets all furniture and safety fire regulations without the need for synthetic flame-retardants. The Wool Origins 8 is a double-sided mattress designed to be turned with the seasons. The Origins range is designed to be paired with a sprung divan base.
