Artemis

Impress your guests with Artemis, a modern statement sofa with edgy trapezium detailing and a glamorous hand finished, stainless steel leg that appears to seamlessly flow into each arm. Some bold fabric choices including a navy blue velvet, the perfect back drop for a gleaming gold layer of luxury with contrasting geometric scatter cushions that pick up the brushed gold or polished chrome metallic finishes. Available in a choice of sofa sizes, a Snuggler and an Armchair, or combine with a matching Juno Accent chair in a metallic velvet for a confident take on the glamour trend.
